

Professional Development Contact Sheet

Explanation and Considerations for Use

There are a number of local professional development providers that can assist schools in designing and implementing their exhibitions and/or graduation portfolios. This list is only a place to get started; it is *not* a comprehensive listing of all available resources, nor is it a list of providers approved or endorsed by RIDE. Please carefully evaluate each provider's offerings and chose whichever seems most appropriate for your school's immediate and long-term needs.

This tool was created and/or compiled by The Rhode Island Department of Education and The Education Alliance at Brown University, with the generous support of the Bill & Melinda Gates Foundation.
